MILESTONE READINESS

Nothing is linked to Design completion, ROW and utility agreement execution, Relocation construction completion, so they are not measured below.

Milestone	Need date	Total	Ready	At risk	% evidenced
Not linked to a milestone [v0.4 over 516 records]	— [v0.4 over 516 records]	516 [v0.4 over 516 records]	0 [v0.4 over 516 records]	64 [v0.4 over 64 records]	100% [v0.4 over 516 records]

CRITICAL ITEMS

The not-ready records whose document's resolution strategy is relocation, removal or abandonment (ADR-0009), earliest need first; undated records follow the dated. The order is presentation, not a measurement.

No not-ready record's document asserts a critical resolution strategy.

COORDINATION

Project decisions (ADR-0025): decided by the project team, attributed and dated — never asserted by a document.
